Suggestions on the Duties of a Sunday School Teacher.

Given by J. T. Ebleland.

At our County Sunday School Convention at the Grassy Lick Church, on June 11th, the subject: "Sunday school attendance, and how to teach them" was assigned to two of our Sunday school superintendents. They failed to put in their appearance. Their excuse: "too busy on the farm". One of them when pressed for his views on the subject, says: For many years my heart has been with the Sunday school work; concerning Somerset Church, where I worship, the Sunday school is more than its right arm. The greatest help to all Sunday schools is good teachers, who "know how to teach" those in their classes. The teacher's work is one of interest; it demands earnest thought and careful preparation. The true teacher will try to expand the child's mental as well as his spiritual powers; in order to do this, the good teacher will help himself of help, especially Bible help. The teacher can do much better work who avails himself of every possible advantage in preparing himself in the way of truth and life. Every teacher should seek to know the best method to draw out the mental and spiritual powers of the children for life, happiness and Christ. If the teacher will prepare for thorough teaching, the old saying, "why do many older scholars lose interest in the Sunday school and drop out?" will be answered. Young men and ladies will not tire and drop out where they have thoroughly prepared, enthusiastic teachers. Teach them to be regular in attendance, to a careful study of the lesson, to a love of God. Remember the Sunday school teacher is here to stay forever, he has as permanent a place in the church as the pastor; every teacher should prepare for life work, and at the same time live work. As a teacher, get near to, and in front of your class, don't sit at one end of a ten foot bench, and have ten children down full length of bench. Stand in front of class, whether you are on a Prince Albert suit or the finest feathered hat in town, (so you are full of the lesson) the class won't go away empty, but will go happy and satisfied. A teacher should have good memory, good reasoning powers, skill in asking questions, perseverance, love of children, and love for the Bible. He should be prompt, in place before time, take part in every song and get the class to help sing. Don't be fussy and show weariness in the presence of your class; come with a cherry disposition, shake hands, congratulate etc. Study the lesson each day and insist on each member of your class doing the same. This is not an over-drawn picture of what every teacher in this county can be, yet the great want of every Sunday school is real teachers. This is one market which has not been over-crowded, and there is no danger of such a thing happening. The Sunday school wants teachers who teach like they mean something, like they mean to do it with vim and energy, like they had a love on themselves. Teacher and scholar should have an aim in life, and a purpose to live for. The story of the pastor who upbraided the devil for carrying off one of his elders, applies here. The devil answered and said: "I found the elder on my territory and took charge of him, (probably in saloon or ball room) Be sure you do not go around without a purpose or aim in life, or you might get on the devil's territory, then he will

be sure to carry you off. This paper may not be an exact answer to "How to teach," but if you get the good teacher he or she re-states the lesson text of last Sunday; then takes up the connection, shows how this lesson stands in relation with the last one; then the illustrations come on, then adapts the lesson to his class, thus leaving in their hearts seed that will bring a harvest of good, now and in years to come.

Race Problem in Cuba.

It seems that the race question is to be a problem in the new Republic of Cuba, as it has been in the United States for many years past. A recent Havana dispatch says that the negro element has been complaining about being left out in the cold in the matter of distribution of the public offices. A commission called on President Palma a few days ago, and asked that no distinction be made between the two races. The question raised by the negroes is not that individual members of their race shall not obtain positions under the government, but that the lines of official demarcation exist, such as the fact that the artillery corps is divided into two companies, of whites and blacks. The committee cited the case of the day of the arrival of President Palma, when the artillery was lined up in front of the palace, and divided into black and white companies. They also recited the fact that the police authorities of Havana would not receive negroes into the force.

Courting in Holland.

Holland is a place where primitive customs abound. Traditions are sacredly handed down and observed, and this veneration for ancient things has kept alive in the country what are known as courting Sundays. Throughout Holland the four Sundays of November are kept as fete days. They are named severally Review, Decision, Purchase and Possession Sundays. On Review Sunday everyone goes to church, and after service there is a church parade, when all the young men and maidens look at each other but forswear speaking. On Decision Sunday each would-be benedict approaches the maiden of his choice with a ceremonious bow, and from her response judges whether he is acceptable as a suitor or not. On Purchase Sunday the consent of parents and guardians is sought, if the wooing during the week has been happy. Possession Sunday witnesses the first appearance of the various lovers before the world as actual or prospective brides and bridegrooms.

Cheap and Injurious.

Judge Clarke, of St. Louis, has fined heavily a number of grocers for selling baking powders containing alum. The week before, the Health Department of New York seized a quantity of stuff being sold for baking powder which they found was made from alum mixed with ground rock, and dumped it into the river. As alum only costs two cents a pound, there is a great temptation for those manufacturers who make substitutes and imitation goods, to use it.

Hurst Bros. Assign.

On Tuesday morning, Hurst Bros., who have conducted a dry goods and clothing store for several years, filed a deed of assignment. Hurst Bros. have for a long time been considered among the most energetic and wide-awake business men of the city.—Richmond Climax.

BRYAN DECLINED

Populist Nomination for Governor of Nebraska.

At Grand Island, Neb., the Populists and Democratic State conventions were held on June 24 and 25.

Senator Allen addressed the Populist convention, making a strong plea for the nomination of William J. Bryan for Governor. A delegate mounted a chair and moved that Mr. Bryan be nominated by acclamation. The motion was carried in the midst of cheering and applause. The conference committee was instructed to notify the Democratic convention of the action of the Populists.

Five minutes later, before the Democrats knew of the action of the other convention, C. J. Smith appeared and announced his willingness to withdraw in favor of anybody who could be nominated by the two bodies. The proposition was received with a chorus of "Noes."

The Democratic convention was notified of the nomination of William J. Bryan by the Populists, and the withdrawal of Harrington. Mr. Smith, who had been nominated by the Democrats, expressed his willingness to withdraw or stand for the nomination at the pleasure of the convention.

Bryan took advantage of the opportunity to address the convention making a plea for harmony and fusion, and at the same time declining to be nominated himself. Both conventions nominated W. H. Thompson, of Grand Island, for Governor.

Honorary Degree.

President Roosevelt, the guest of honor at the Harvard College Commencement received the honorary degree of LL. D. and delivered an address. In the course of his remarks he paid high tribute to the official acts of Civil Governor Taft, of the Philippines. Leonard Wood, former Governor General of Cuba, and Secretary of War Root.

Short Skirts.

At Paris, France, the striking innovation is the advent of the short skirt at the races. Skirts are worn by the most smartly dressed women of ankle length or a bit longer, and the same length all around. Skirts which clear the ground are very much worn by the smart set.

True Words By President Roosevelt.

The recent seventy-third anniversary of the Brooklyn Sunday school Union, was a great event in Brooklyn, and all the day schools adjourned in honor of it. There were over 90,000 children in the line of march. They all passed by the "reviewing stand" in Prospect Park. Among the notable people invited to review this marching army of coming Christian citizens were, President Roosevelt, Governor Odell, Mayor Low, Secretary of the Navy, Moody, Helen M. Gould, and many others. In his letter to the chief marshal of the day, President Roosevelt said: "I am glad to have the chance to express through you, to the children of the Sunday school Union, how glad I am to know that they are fitting themselves to become in the future Christian citizens of this great republic. Sturdy, self-respecting morality, a readiness to do the rough work of life without flinching, and at the same time respond to every call on the spirit of brotherly love and neighborly kindness—these qualities must rest in the foundation of good citizenship here in this republic if it is to achieve the greatness we hope for it among the nations of mankind."

Deplorable Condition in London.

Reports from London tell of unseemly and disgusting exhibitions of lawlessness, on the part of an ignorant section of the population, over the peace proclamation and the preparation for the coronation of the king. On Monday, June 2, scores of men and women lay drunk on the pavements of the fashionable West End thoroughfares, at midnight. The press of the British metropolis has protested vigorously against this unedifying spectacle, but that is all. Our secular papers, both in Europe and America, are, as a rule, simply quack doctors of the social organizations, dealing with symptoms and shutting their eyes wilfully to the causes which make crime and disorder chronic in the congested districts of our great cities. As long as Government compounds with the lawless and brutalizing liquor traffic, such scenes as these which disgraced the great city of London will recur whenever the passions of the populace are stirred by any unusual event.—Christian Standard.

Farmer Caught.

A farmer near Spears has lost many dollars by holding his wheat too long. Last February Sharp & Demois offered him 90c. a bushel for his crop, which he refused, waiting the time when it would reach the dollar mark. Last week he decided to sell, and when the crop was examined he found the damp weather and weevil had almost totally destroyed it. At present he can't sell it for no more than 25c. a bushel, or the loss of 65c. for the privilege of "waiting for something to turn up."—Jessemine News.

Accepted Assessment.

The Illinois Central Railroad Company paid into the State Treasury \$17,000 tax on its franchise valuation. All the railroads have accepted the assessment made by State Board, except the Chesapeake and Ohio, whose complaint is yet unheard.

The State Prison Commission have closed a contract with the Frankfort Shoe Manufacturing Company for the employment of 400 convicts at 50 cents per day per mail.

and His government as do the King and the Prince and the American officials.

Naturally and inevitably there has arisen a demand among the common people—especially among those of the baser sort—for equal "rights and privileges," and Sunday games and concerts and plays and saloons are widely clamoring for an "open Sunday," and taking it despite all laws to the contrary. And good men are asking, with bated breath, where is it all to end?

In the name of this Christian nation and of Christendom, which owe all that is best to the Sabbath and the Christian institutions it embodies, and whose very life depends upon the continuance of these institutions, it is high time for every pulpit in Christendom to call a halt in this shameful degradation of God's day. Before God such conduct will one day be seen to forfeit all right to the crown and the principedom and the official position and the wealth thus descended—Homiletic Review.

TRUE TO LAW.

Recent declarations and unjust criticisms, are evidences of the thorough reading of the Advocate, of her powers and influence. This ad shall prove an object lesson to the more careful we shall be to elevate the standard of morality and law observances. All law have in intent, and so long as they are on our statute books they should be enforced. It was a righteous act on the part of the Executive in the days of our fathers, when the men who would flout on Sundays, tramp the woodlands for game or sport with the fowling tribe, were caused to answer to the law. Less than a score of years past, a Mt. Sterling Mayor gave notice that the purveyors of trades should cease on Sundays and the man who would dare to transgress this law of divine origin would be required to pay the penalty. What the enforcement of the Sunday law to do and why slack.

OTHERS.

There are others wider in influence mightier in powers than we editors who give their time and talents to the molding of a sentiment for justice and right. We who see the action of men and women and feel the force of results in the lives of the weaker and of coming generations. We ask our readers and especially the thoughtful to read the article headed, Non-Observance, and to study it with a critic's mind.

7,802.

Those who taxes for school and all other purposes would be greatly pleased with the present board of school trustees if they would place the delinquent tax in the hands of someone who would make satisfactory returns. It is a mighty poor business man who can't way a school pool, and a mighty mean man who can and won't. Clean up this business and let's have what's in it.

SCHOOLS.

Good schools are worth much to a community. Their value cannot be estimated, and the best schools make the good better, our city with the best schools would draw patronage from the surrounding country and possibly many would become residents of Mt. Sterling, causing double growth, a business and school impetus.

A full school brings out the teacher's entire powers, and therefore we would favor full rooms. It is best for our boys and girls. We would object to over crowded rooms because some pupils would be slighted. Our trustees will see to it that no teacher has more pupils than can be worked for the best results.

Resolutions Passed By the Democratic Executive Committee of the 21st Judicial District.

At a meeting of the Democratic Executive Committee of the 21st Judicial District of Kentucky held at Mt. Sterling, Ky., on June 8, 1902, at 3 o'clock p. m. in pursuance of section 3 of the resolutions adopted at the meeting of the said committee held at Olympia, Ky., on April 23, 1902, said meeting presided over by John T. Kimbrough, chairman, and R. A. Chiles secretary, it was

Resolved: First: That the amount to be deposited by all Democratic candidates at said election for the office of Circuit Judge at least 15 days prior to the date of such primary election, with John T. Kimbrough, as provided in said resolutions to be deposited by the Democratic candidates for Commonwealth's Attorney that shall be deposited with said Kimbrough at least 15 days prior to that time shall be \$100.00.

Second: That the officers of said election shall be selected by the various county committees at their meeting from a list of officers furnished by the various county committees being equalized as near as possible.

Third: That all candidates for the offices of Circuit Judge and Commonwealth's Attorney shall each be entitled to challengers at said election, and shall also be entitled to inspectors to be in said election room, who shall have the right to inspect the vote and seal of same counted and shall be entitled to a statement of the vote after same is cast, to be furnished by the respective election officers in said precinct.

The challengers and inspectors shall be selected by the various candidates and a list of same handed to John T. Kimbrough, the chairman of said district, not less than ten days before fifteen days prior to the date of such primary election, who shall make out and furnish to each of said challengers and inspectors a certificate of their appointment.

Fourth: The Committee reserves the right to change the assessment above named for the reason that all of the persons who are now candidates may not be candidates and it would be necessary to raise the assessment.

Upon motion the Committee adjourns, to meet at the law office of R. A. Chiles, at Mt. Sterling, Ky., on Wednesday, July 23, 1902, at the hour of 11 o'clock a. m.

JOHN T. KIMBROUGH, Chairman.

R. A. CHILES, Secretary.

Public Speaking.

Hon. Frank A. Hopkins, of Floyd county, candidate for the Democratic nomination for Congress in this, the 10th district will speak at the Court House this city in the afternoon of Saturday, July 12th. Speaking will begin at 2 o'clock.

Other candidates are invited to be present and make known their claims upon this people. Let every democrat come and bring his republican friend with him to hear preached orthodox democracy.

Deafness Cannot be Cured

by local applications as they cannot reach the diseased portion of the ear. There is only one way to cure deafness, and that is by constitutional remedies. Deafness is caused by an inflamed condition of the mucous lining of the Eustachian Tube. When this tube is inflamed you have a rumbling sound or imperfect hearing, and when it is entirely closed, deafness is the result, and unless the inflammation can be taken out and this tube restored to its normal condition, hearing will be destroyed forever; nine cases out of ten are caused by Catarrh; which is nothing but an inflamed condition of the mucous surfaces.

We will give One Hundred Dollars for any case of Deafness (caused by catarrh) that cannot be cured by Hall's Catarrh Cure. Send for circulars free.

Where Were the Elect?
Owing to the failure of the Auditor of the War Department to certify Kentucky's war claim, amounting to \$1,340,000, this item was not included in the Deficiency Appropriation Bill. The Auditor's failure to certify the account, was due to the discovery that it must first be approved by the Reviewing Officer of the Treasury Department. Senator Blackburn and Congressman Smith have been assured that the item will be included next December in the Urgent Deficiency Appropriation Bill. The question is being discussed as to what use the State should put the money, and it is said that Gov. Beckham and a majority of the Sinking Fund Commission favor applying it to the extinction of the State's bonded indebtedness, which amounts to \$1,000,000.
To use a million for this little State debt from money we have not got, is something like, counting chickens before they are hatched.

county, on Sunday, June 22, Scott Oldfield and Miss Maude Henry, daughter of "Big" Lewis Henry.
The county examination was held here by County Superintendent W. B. Barker who thought that the questions had gotten out, and had all the applicants sworn. E. C. Whit, of Caney, had the questions; he was told by Mr. Barker if he would tell from whom he bought them he would not be prosecuted. His reply was, "That he bought them from George Amyx, of Daysboro, Wolfe county, paying him \$8 for same." A warrant was issued by J. D. Lykins, police judge of this place, for Amyx. He was arrested and brought here on the 21, and tried before Judge Lykins and fined \$50.00, which he paid. Supt. Barker is going to do all in his power to stop the selling of the state board questions—West Liberty Cor. Of Hazel Green Herald.

DESCRIPTION

Dark chestnut, scarious, hind pasterns white. 15 3/4 hands high, foaled in 1882. A fine large, well made horse with plenty of substance and quality. An exceedingly well-bred horse and a high-class race horse. Secured his record in a five-hundred yard race and was only beaten a heat in 2:13 1/2. He has a few feet. ST. VINCENT'S opportunities have not been good; he has but few fakes out of good ones. His list of performers are all trotters. He has never sired a pacer. Lord Vincent 2:08 1/4, by him is everything considered, one of the very best trotters of the present day. He was far from being a sound horse, still, even in that condition, he raced better and struggled harder than most horses that are free from weakness. ST. VINCENT will get great trotters, for in the last two years he has had a better class of mares. I like his breeding, and am confident that he will sire great race horses.

ST. VINCENT will stand at the 'stables' of the Mt. Sterling Stock Yards Co. at

Life's Short Pilgrimage.

MRS. WELLS MILES RICE.

How sweet to my soul grows the prospect of heaven, As, with the light, speed the cycles of time,

Contrasting the changing and perishing cosmos With eternity's glories, so real and sublime.

This earth is a highway, the Christian a pilgrim Who journeys, by faith, to a fair, distant land; Earth's bitter sorrows and unfulfilled longings

Are thorns in the pathway that mangle his hand As he grasps for the roses of earthly enjoyment

That appear in the springtime as bright buds of hope; But, ah! they are blasted by sin's blighting power,

And he faded and dead, ere their fair petals open.

So short is the span of man's earthly existence, It seems but a day he is seen in the race,

As the sunbeams that break in the morning, All gl'rious, Are lost in the night shades that gather apace.

But, out from the gloom breaks the vision so wondrous, The soul's bleak despair to hope gives birth.

'Tis the light of that city, resplendent, unshining, To guide the tired pilgrim to heaven's glad shore.—Christian Standard.

Deafness Cannot be Cured

by local applications as they cannot reach the diseased portion of the ear. There is only one way to cure deafness, and that is by constitutional remedies. Deafness is caused by an inflamed condition of the mucous lining of the Eustachian Tube. When this tube is inflamed you have a rumbling sound or imperfect hearing, and when it is entirely closed, deafness is the result, and unless the inflammation can be taken out and this tube restored to its normal condition, hearing will be destroyed forever; nine cases out of ten are caused by Catarrh, which is nothing but an inflamed condition of the mucous surfaces.

We will give One Hundred Dollars for any case of Deafness (caused by Catarrh) that cannot be cured by Hall's Catarrh Cure. Send for circulars free.

The Cuban Senate has passed a bill granting amnesty to all American citizens under sentence, or against whom proceedings were pending. It was recommended, however, that the Government pardon all offenders of this class.

A Helpless Child.

A weak and puny child is badly handicapped in the battle of life. It is isolated from the healthy enjoyments of its little fellow-beings. It cannot partake either of their play or their sturdy work and progress in the world; its whole life is embittered by incapacity and weakness.

A favorable agreement was reached appropriating \$2,000,000 for the construction of buildings as an enlargement of military posts at Hawaii. Poisoning the System. It is through the bowels that the body is cleansed of impurities. Constipation keeps these poisons in the system, causing headache, dullness and melancholia at first, then, as the poisons enter the blood, they cause eruptions and finally serious illness unless a remedy is applied. DeWitt's Little Early Risers prevent this trouble by stimulating the liver and promote easy, healthy action of the bowels. These little pills do not act violently, but by strengthening the bowels enable them to perform their own work. Never gripe or distress.

A Torrent —OF— BARGAINS

Real and Unmistakable will signalize the Giant Sale of the decade which begins at the
Busy Bee Cash Store
Saturday, June 28th, 1902,
AND CLOSES SATURDAY, AUGUST 2.

Prices will be stabbed to the heart and \$15,000 worth of seasonable merchandise will be converted into gold at prices that emphatically, decisively and overwhelmingly undersell any that were ever before made in this city.

The titanic proportions of this sale will be an epoch in the history of Mt. Sterling. It is a trade coup that has been carefully and skillfully prepared, and the managers of this great store will see the sale successfully consummated.

Prices on each and every article in the entire store will be marked in plain figures. Any child can buy bargains, same as grown up people, as there will be no deviations from prices named.

Owing to the magnitude of this great stock it will be impossible to quote prices. We name you a few to give you an idea of the great reduction we are making. Nothing reserved in this sale.

Wash Silks that were 50c are now 37c; Silk Gingham and Mercerized Novelities for Shirt Waists that were 50c are now 36c; our 89c warranted Taffeta Silks in all colors are now 67c; remnants of Silks good for fancy work will be almost given away; all novelties in Wash Goods, Grass Linens, Silk Embroidered Strips, Silk Tissues, Dotted Mulls that were formerly 50c, will go in this sale at 35c; all Wash Fabrics that were 25, 35 and 50c will be closed out at 19c. All 12 1/2, 15, 17 and 20c Wash Fabrics, such as Lawn, Dimities, Fancy Lace Effects, Batiste, etc., will all be given out at 10c; all 10c Wash Goods will be 7 1/2c in this sale; 7 1/2 and 8 1/2c stuff will be 4c. Don't wait to hear how your neighbors found things at the sale; come and see for yourself; get what's coming to you.

Our \$1.00 American Lady Corsets, 89c; our \$1.00 Thompson's Glove fitting Corsets will be 75c in this sale; our 75c Corset will be 59c; 50c Corset will be 38c, and 39c Corset will be 24c. A job lot of good brands of Corsets worth \$1.00 each will be sold in this sale at 25c. Sizes broken. This price is to clean them up.

This is a sale to reduce stock and our loss will be gain for our friends and patrons. Take advantage of this sale, the greatest ever held in the city's history.

Men's Suits that were \$12.50, \$14.00 and \$16.50, sale price will be \$8.50; all Suits that were \$7.50, \$8.50 and \$9.00 will be in this sale \$5.98; all-wool Suits for men that were worth \$5.50 and \$6.50 will be \$3.98 in this sale. All Carpets, Mattings, Oil Cloths, Linoleums and Rugs have felt the keen edge of our knife and prices have been cut in this department beyond recognition. Remnants of Carpets and Mattings will be priced you so cheap that you will feel like giving us more for them. Lace Curtains and Oil Shades will almost be thrown in to make up your bundle.

Our object in making this Great Sacrifice Closing Out Sale is to reduce stock and make room for fall goods and get the money to pay for our fall stock. We are making a great sacrifice and loss to do this. We earnestly invite you to attend this sale, save money for yourselves, and help us.

Very Respectfully,

Cemeteries in New York City.

The burial of the dead is not least of serious questions that confront a great city. The second ward of the Borough of Queens has twenty-one cemeteries, every one of which is within a radius of from three and one half to eight miles from the New York City Hall. These cemeteries contain 1,767 acres, or 10 per cent of the entire area of the Borough. In 1881, when the town had a population of 9,804, the cemetery had over a million bodies, or 100 dead bodies to every living inhabitant. Today the ward has 45,000 people, with over 2,000,000 interments, and is increasing at the rate 10,000 per year. At \$1,500 per acre, this land is worth about \$1,300,000. The exemption of this land from taxation, together with other exempt land, represents partially the burden of the dedication of these large tracts for burial purposes. Yet these are but a few of the cemeteries in and about New York City. In the above cemeteries there are on an average of 4,000 bodies to every acre, or one body to every ten square feet, while the usual measurements of a grave are thirteen square feet. Yet in and about greater New York there are fifty-six other cemeteries that are being filled just as compactly. Because of her long period of settlement, China is said to be but one vast burying ground. Does this mean that cremation is to take the place of burial in our populous centers?

Vacation Days.

Vacation time is here and the children are fairly living out of doors. There could be no healthier place for them. You need only to guard against the accidents incidental to most open air sports. No remedy equals DeWitt's Witch Hazel Salve for quickly stopping pain or removing danger of serious consequences. For cuts, scalds and bruises. "I used DeWitt's Witch Hazel Salve for sore, cuts and bruises," says L. B. Johnson, Swift, Texas. "It is the best remedy on the market." Sure cure for piles and skin diseases. Beware of counterfeits.

State Banks.

Of 297 State banks operating in Kentucky 149 will receive a rebate this year from the State under the act of the late Legislature to reimburse these institutions for excess of taxes paid under the Hewitt law prior to 1896. The other 148 institutions were organized after the Hewitt law became operative and will this year pay taxes as heretofore. Auditor Collier sent out notices to these latter to report and pay.

Dr. George Ewing, a practicing physician of Smith's Grove, Ky., for over thirty years, writes his personal experience with Foley's Kidney Cure. "For years I have been greatly bothered with kidney trouble and enlarged prostate gland. I used everything known to the profession without relief, until I was induced to use Foley's Kidney Cure. After using three bottles I was entirely relieved and cured. I prescribe it now daily in my practice and heartily recommend its use to all physicians for such troubles, for I can honestly state I have prescribed it in hundreds of cases with perfect success."

The greatest healer of modern times is Banner Salve for cuts, wounds, sores, piles and all skin diseases. It is guaranteed. Use no substitute.

WOMAN'S RELIEF

A really healthy woman has little pain or discomfort at the menstrual period. No woman needs to have any. Wine of Cardui will quickly relieve those smarting menstrual pains and the dragging head, back and side aches caused by falling of the womb and irregular menses.

WINE OF CARDUI

has brought permanent relief to 1,000,000 women who suffered every month. It makes the menstrual organs strong and healthy. It is the provision made by Nature to give women relief from the terrible aches and pains which blight so many homes.

Dr. Geo. W. Carter, Oct. 14, 1900. I have been very sick for some time. I was taken with a severe pain in my side and could not get any relief until I tried a bottle of Wine of Cardui. Before I had taken out of it I was relieved. I feel it my duty to say that you have a wonderful medicine.

Look a Leedle 'Oudt.

The Bourbon News says: "Chief of Police Hill has received a letter dated at Chicago, warning him to look out for a scoundrel concerning doing business under the firm name of The American Art Publishers, and advises all to give them a wide berth. Their scheme is to deliver eighteen books at 50 cents each, entitled 'Modern Masters of the World,' with a guarantee of a handsome premium after the books have been taken and paid for. The books are said to be worth 5 cents each, actual cost. They collect before all the books are delivered and do not show up with the entire set, 40 21."

Mother Always Keeps It Handy.

"My mother suffered a long time from distressing pains and general ill health due primarily to indigestion," says L. W. Spalding, Verona, Mo. "Two years ago I got her to try Kodol. She grew better at once, and now, at the age of seventy-six, eats anything she wants, remarking that she fears no bad effects as she has her bottle of Kodol handy." Don't waste time doctoring symptoms. Go after the cause. If your stomach is sound your health will be good. Kodol rests the stomach and strengthens the body by digesting your food. It is nature's own tonic.

A Healthful Kitchen.

There would be fewer delicate wives and mothers if the kitchen in every household (little or big) was kept perfectly clean, wholesome and healthy. The kitchen is really the most important room in a home—whether it be a rich man's or a poor one's.

The L. H. and St. Louis (Henderson Route) are preparing to do a large excursion business from July 31st. to August 12th, from all points on their line, to the new Owensboro Chautauqua. Nothing like it has ever come to Kentucky. For twelve days the very best and most attractive Chautauqua features are to be placed in the beautiful Seven Hills Park, near Owensboro, which is almost bounded by this popular line of railway. Every good taste has been catered to. There will be popular lectures by Gen. Gordon, Gen. Wheeler, Dr. MacArthur, Gov. Bob Taylor, H. W. Sears, Mrs. Rorer, of the Ladies Home Journal, Miss Ellen M. Stone, the renowned missionary, Lieut. Hobson, Dr. John MacNeil, the Scottish Spurgeon, and scores of others; and every day and every evening will be given a series of the most delightful entertainments consisting of everything, from slight of hand and jugglery, to the highest class of popular music and moving pictures.

Farmers and their families will be especially interested in the coming of John M. Stahl, Secretary of the National Farmers Congress, and every evening a great pyrotechnic display will be given by LaRosa's electric fountain, two feet larger than the one shown at the Worlds Fair.

Remember that the Henderson Route, the most popular passenger line in Kentucky, will give you full and complete information about the additional features of this assembly through any of their agents, or you can write to the Superintendent of the Chautauqua, W. G. Archer, Owensboro, Ky., and he will send you a special booklet containing full information as to camping and living privileges, and the complete program. L. J. Lewis, General Passenger Agent.

Queen of the Carnival.

The contest has been lively since the announcement of the vote on Saturday last. In this contest any lady of the city or county is eligible, and if you do not see the name of your favorite on the list else here in this paper you can enter her in the contest by voting for her. These contests have become quite a fad in society circles. A warm race is on in Richmond, and Miss Virginia Bradley, daughter of ex-Gov. Bradley, is a contestant for the honor of Queen of the Elks Fair Carnival.

The prizes to be awarded the winner are very beautiful and can be seen at Jones' jewelry store.

Encampment.

The last news in regard to the State encampment goes out as a tip from Frankfort that it will be landed here and that the camp will be established about August 5th, when the second regiment will go into camp to be followed by the artillery and third regiment. As evidence of the will of the people, the desire for the location of the camp at Mt. Sterling, our business men subscribed liberally for the amount necessary to meet the incidental expenses and this was all done within themselves.

Medical staff officers who were here inspecting the site reported favorably to the Governor and now the establishing of the camp here is up to our people.

Poisoning the System.

It is through the bowels that the body is cleansed of impurities. Constipation keeps these poisons in the system, causing headache, dulness and melancholia at first, then unsightly eruptions and finally serious illness unless a remedy is applied. DeWitt's Little Early Risers prevent this trouble by stimulating the liver and promote easy, healthy action of the bowels. These little pills do not act violently, but by strengthening the bowels enable them to perform their own work. Never gripe or distres.

Dewey Talks.

Admiral Dewey gave some interesting and important testimony before the Senate Philippine Commission. He said there was a definite understanding that Manila was to be surrendered, and admitted that he "had to kill a few people" at the time of the formal surrender for the sake of appearance. He alluded to Consul Pratt as a "bushybody." He reiterated the statement that he considered the Philippine map capable of self-government than the Cubans.

Editors Fight.

On Saturday there was a street fight in Lexington between Desha Breckinridge, business manager of the Morning Herald, and W. P. Walton, editor of the Lexington Democrat. They had used harsh words against each other in the columns of their papers.

Breckinridge demanded of Walton a retraction or an apology. This Mr. Walton refused and intimated that the difficulty could be settled in any way desired.

Breckinridge made the assault, first by crossing the street to Mr. Walton and then by striking him in the face. They then clinched each other by the throat and went at it. Friends separated them before serious injury was done.

Great was the disappointment when on Tuesday morning it was announced that the King must submit to an operation for peritphalitis, a disease much like appendicitis and affecting the appendix.

The operation was deemed necessary to save his life and was performed at 2 o'clock on Tuesday afternoon. The coronation and all festivities were indefinitely postponed. Latest reports indicate that he will recover.
